## Experience

### Supernova AI

#### **Product Engineer (current)**

Idea-ting, designing, engineering & launching — all day. Closely working with AI tech to deliver best value for our customers.

### InvocationX

#### **Web Engineer**

Worked on multiple projects of clients, learned a lot about marketing an different needs of different businesses.

### Skript

#### **Frontend Engineer**

From helpOS to centralized email engine to widget framework to OG image generator to many more amazing products.

### Dukaan

#### **Frontend Engineer**

TBH not much tech here; Kind of like a internship. Just learned how things work in a company.
